

You deserve the **recognition**

The **APTUK Pharmacy Technician
of the Year 2012 Awards**

Sponsored by AAH Pharmaceuticals Ltd

**Rewarding
Outstanding
Performances
for 15 Years!**

Recognition is only a nomination away.

In an increasingly hectic world your efforts in the work place can often be overlooked or unacknowledged by those around you. That's why The APTUK Awards, rewarding the talents of Pharmacy Technicians in Primary and Secondary Care since 1997, annually recognise the outstanding performances and professionalism of those individuals with the **motivation** to make a difference in our industry.

There are three levels of award to be won; **Primary, Secondary and Professional**. The Primary and Secondary Care Awards are open to all Pharmacy Technicians in any field of practice to enter themselves, whilst the Professional Award requires a nomination by a colleague.

Primary and Secondary Care Awards 2012. These two awards are open to all Pharmacy Technicians in any field of practice.

If you are currently working on a project in your day-to-day role and are interested in submitting it for either the Primary or Secondary Care Awards, then have the motivation to tell us about it. Email your interest to esther.joberns@ahh.co.uk with '**APTUK/AAH Award 2012 Report Idea**' as your subject and indicate which category you are entering for. This will not commit you to entering and will act only as an indication to the level of response for the awards in 2012.

To enter, your submission will need to demonstrate a significant contribution in the following areas;

- Innovation
- Service improvement/development
- Clear evidence of personal input
- A definitive outcome that demonstrated a benefit to either a patient and/or organisation

For further information on all three awards and for details on how to enter, please go to www.aah.co.uk.

The closing date for submissions is 29th February 2012. Good luck!
