Tags: revalidation

The APTUK website has various learning resources that can support you with your Continuing Professional Development (CPD) and revalidation. Members will need to register an account on the website to access this information. If you are not a member of APTUK – this is one of the many benefits of membership – for more information click [here](#).

The resources can be found under the Training tab on the homepage and range from short Learning Videos to currently sixty two bite sized CPD modules. Topics included are:

- Clinical topics e.g. Antimicrobial stewardship, Depression in adults, Low back pain, Asthma management and many more
- Revalidation, Meeting the standards, Professionalism and Professional judgement.

Please visit the APTUK website aptuk.org to see all the learning resources available for you.

Once learning has been completed, you can document and save your CPD records on the learning log, a facility that APTUK has for its members. The learning log can be found under your name, once you have logged in.
